1. Parties and definitions

In consideration of being permitted to access and participate in VLV activities, this Online Training, Nutrition, and Supplement Participation Agreement ("Agreement") is provided by **Dermadventures LLC**, doing business as **Veldheer Lineman Vault** ("VLV," "we," "us," or "Provider"). "You" or "Participant" means the individual who clicks "I agree" or otherwise accepts this Agreement.

Released Parties means Dermadventures LLC; the Veldheer Lineman Vault community, brand, and programs; Jared Veldheer individually; and each of their employees, contractors, coaches, moderators, agents, and affiliates.

2. Eligibility and authority to accept

By accepting this Agreement, you represent and agree that **one** of the following is true:

- **Adult Participant:** You are 18 years of age or older and you are accepting this Agreement for yourself; or
- **Parent/Guardian for a Minor:** You are the parent or legal guardian of a Participant under 18, and you are accepting this Agreement for yourself and granting permission for the minor to participate under your supervision.

If you are under 18, you must not accept this Agreement. Have your parent or legal guardian accept it for you.

3. Scope of services and educational nature

VLV provides online education and coaching related to strength training and athletic performance, including workouts, programs, videos, written guidance, community discussions, technique feedback, and live sessions. VLV may also provide general education and coaching related to nutrition and supplements.

All content and communications are provided for general education and coaching only. VLV does not provide medical care, diagnosis, or treatment.

4. Your readiness and responsibility

You are responsible for determining whether exercise, changes to diet, and any supplement use are appropriate for you (or your minor). You confirm you are medically and physically able to participate, and you agree to obtain appropriate medical clearance if needed.

- You are responsible for choosing appropriate loads, intensity, progressions, and exercise variations.
- You are responsible for using safe technique, safe equipment, and a safe training environment (including spotters when appropriate).
- You are responsible for food choices, supplement choices, reading labels, and confirming products do not conflict with allergies, medications, or health conditions.

5. Online-only delivery and no in-person supervision

You understand this program is delivered online. You are training without in-person supervision. Technique demonstrations and feedback cannot account for every variable in your environment, equipment, or body mechanics. You accept full responsibility for your setup, execution, and safety.

6. Assumption of risk for training and performance work

You understand that strength training and athletic performance training involve inherent risks, including the risk of serious injury or death. These risks cannot be eliminated. You voluntarily choose to participate and **assume all risks**, known and unknown, even if arising from the ordinary negligence of the Released Parties, to the fullest extent permitted by law.

- Muscle strains, pulls, and tears; sprains; bruising; and overuse injuries
- Tendon, ligament, cartilage, and joint injuries (including shoulder, elbow, wrist, hip, knee, and ankle)
- Back and neck injuries, including disc injury
- Head injury, concussion, fainting, dizziness, falls, or loss of balance
- Heat illness, dehydration, rhabdomyolysis, or other serious complications from intense training
- Abnormal heart rhythm, cardiovascular events, or other medical emergencies
- Permanent disability or death

7. Assumption of risk for nutrition guidance and supplements

You understand that changing nutrition habits and using supplements involves risk and may not be appropriate for everyone. Individual responses vary. You voluntarily choose to follow (or not follow) any guidance and you assume all related risks.

- Allergic reactions or sensitivities
- Digestive distress (nausea, diarrhea, constipation, reflux) or changes in appetite
- Dehydration or electrolyte imbalance
- Sleep disruption, jitters, anxiety, or increased heart rate (for example from stimulants)
- Blood pressure changes
- Medication interactions and unexpected side effects
- Contamination risk and quality variability across supplement products and manufacturers

You are responsible for reading labels and directions, choosing reputable products, and confirming suitability for your health status. If the Participant is a minor, the parent or legal guardian must approve any supplement use.

8. Safety rules and stop rules

You agree to train within your ability and to prioritize safety over intensity. At all times:

- Warm up appropriately and follow progressions before increasing load, volume, or intensity.
- Use controlled technique and stop a set when form breaks down or you lose control of the movement.
- Use a spotter or safety equipment when appropriate (for example, squat rack safety pins).
- Stop immediately if you experience sharp pain, dizziness, faintness, numbness, loss of control, chest pain, or unusual shortness of breath beyond normal exertion.
- If something feels unsafe, you will modify, substitute, reduce load, or skip the movement.

9. Technique review and feedback limitations

If you submit video or request feedback, you understand that feedback is educational coaching based on what is visible in the footage and what you report. It is not a clinical evaluation and it cannot eliminate risk. You remain responsible for safe execution, load selection, and stopping when needed.

10. Release, waiver of liability, and covenant not to sue

To the fullest extent permitted by law, you hereby **release, waive, discharge, and hold harmless** the Released Parties from any and all claims, demands, causes of action, damages, losses, liabilities, costs, or expenses (including attorneys' fees) arising out of or related to your participation in any VLV activity (including training, workouts, challenges, live sessions, technique feedback, nutrition guidance, supplement guidance, and community activity), including claims based on **ordinary negligence**. This includes, without limitation, claims for personal injury, illness, wrongful death, and property damage.

You further agree not to sue or bring any claim against the Released Parties for any injury, illness, death, property damage, or other loss arising from your participation, to the fullest extent permitted by law. This Agreement is binding on you and, to the fullest extent permitted by law, your heirs, representatives, and assigns.

11. Indemnification

To the fullest extent permitted by law, you agree to **indemnify, defend, and hold harmless** the Released Parties from and against any and all claims, demands, actions, damages, losses, liabilities, and expenses (including reasonable attorneys' fees) arising out of or related to: (a) your breach of this Agreement; (b) your misuse of VLV content; (c) your conduct in the community; or (d) your training, nutrition, or supplement decisions.

12. Additional terms for minors

If you accept this Agreement as a parent or legal guardian of a minor participant, you agree that:

- You grant permission for the minor to participate in VLV activities and you accept responsibility for the minor's participation.
- You will supervise the minor's training, nutrition changes, and any supplement use, and you will ensure the minor uses appropriate loads and safe technique.
- You will not allow the minor to use supplements without your review and approval, and you will confirm suitability for the minor's health status.
- You will ensure the minor understands and follows the Safety Rules and Stop Rules in Section 8.

You understand that this Agreement is intended to be enforceable to the fullest extent permitted by law.

Results vary. No specific results or outcomes are guaranteed, including strength gains, athletic performance, health outcomes, body composition changes, or injury prevention.
